3-Way 15m Extension Reel with Medium Surge Protection

This 15m extension reel with 2 x 3pin sockets (10A) and 1 x 2pin Contour (5A) socket is ideal for extending an electrical connection for up to 15m. The overload protection ensures your connections are protected by cutting off during overloads and the reel also has medium level surge protection.

What is a surge?

A surge is an abnormal but temporary high voltage on the electrical mains caused by non-direct lightning strikes or from noise possibly produced by the use of heavy duty appliances, heavy duty machinery or large power tools. Don't risk losing your valuable equipment through surges, protect them with the Surge Safe Adaptor.
